Detailed Description of Your Thesis Research (1-2 pages)

Please address the following requests, using additional pages, and attach them to this form.

- [1] Please also meet with your advisor and fill out the senior thesis timeline worksheet on in Appendix A of the EPS Senior Thesis Handbook and turn it in with your thesis description.

- [2] Describe the topic you plan to investigate. Include a description of methods, resources, and a plan of work with expected milestones. (~1 page)

- [3] Describe the working relationship you expect with your thesis advisor, i.e., regular discussion sessions/meetings, direct supervision of laboratory research, etc. Identify co-advisors and any significant secondary advisors.

- [4] EPS will occasionally provide modest financial resources to support senior thesis research. If you anticipate that you will need financial support from the department in order to conduct your research, please include a budget providing expense estimates and a description of the use of the funds.
